

Notice of Change

United Counties of Stormont, Dundas & Glengarry SDG County Forest Management Plan Five-Year Operating Plan 2022-2027

The following forest compartments have been removed from the harvest schedule due to operating conditions and insect infestation in the added forest compartments. The subject compartments to be removed are in the Township of North Glengarry.

Compartment	Forest Unit	Treatment Type	Forest Unit Area (hectares)
57/58	Hardwood/Cedar	Thinning	64.1
57/58	Norway Spruce	Thinning	10.5
Total			74.6

Consistent with annual allowable harvest area (AHA) determined for the planning period, the following forest compartments have been added to the schedule. The subject compartments are in the Summerstown Forest (Township of South Glengarry), Riverside Forest (Township of South Dundas), and SDG 98 (Township of South Stormont).

Compartment	Forest Unit	Treatment Type	Forest Unit Area (hectares)
SDG 30-32, 39-42 (Summerstown)	Hardwood	Thinning	23.3
SDG 30-32, 39-42 (Summerstown)	White Spruce	Thinning	7.9
99 (Riverside)	Hardwood	Thinning	22.5
SDG 98	Cedar	Thinning	10
Total			63.7
