Fire Safety
Plan

SSFR

What is a Fire Master Plan (FMP)?

Comprehensive evaluation of SSFR current operations, staffing and service delivery.

Assessment of current services in relation to legislated standards and municipal best practices.

Deliver a strategic, multi-year plan to deliver services base on the needs and circumstances of South Stormont.

SSFR

Process to Secure a FMP

Council Support

Budgetary Considerations

Procurement/Selection Process

SSFR

FMP Stakeholder Engagement

Interview with
the Fire Chief
& CAO

Interview with
Deputy Fire
Chiefs and

Chief to supply
a
comprehensive
report with
historical
information
since
amalgamation

Council
Workshop &
Formation of
FMP Steering
Committee

SSFR

FMP Review Process

Administration, Legislation, By-Laws, SOGs, Policies & Directives

Staffing, Scheduling, Service Agreements, Succession Planning

Community Risk

Emergency Response & Station Locations/Adequacy

Fire Prevention & Public Education

Apparatus/Equipment Replacement & Maintenance

Communications and Technology Requirements

SSFR

FMP Methodology

Comparative Review

- Review SSFR services compared to best practices, peers, OFMEM and NFPA

Community Risk Profile, Local Needs and Circumstance

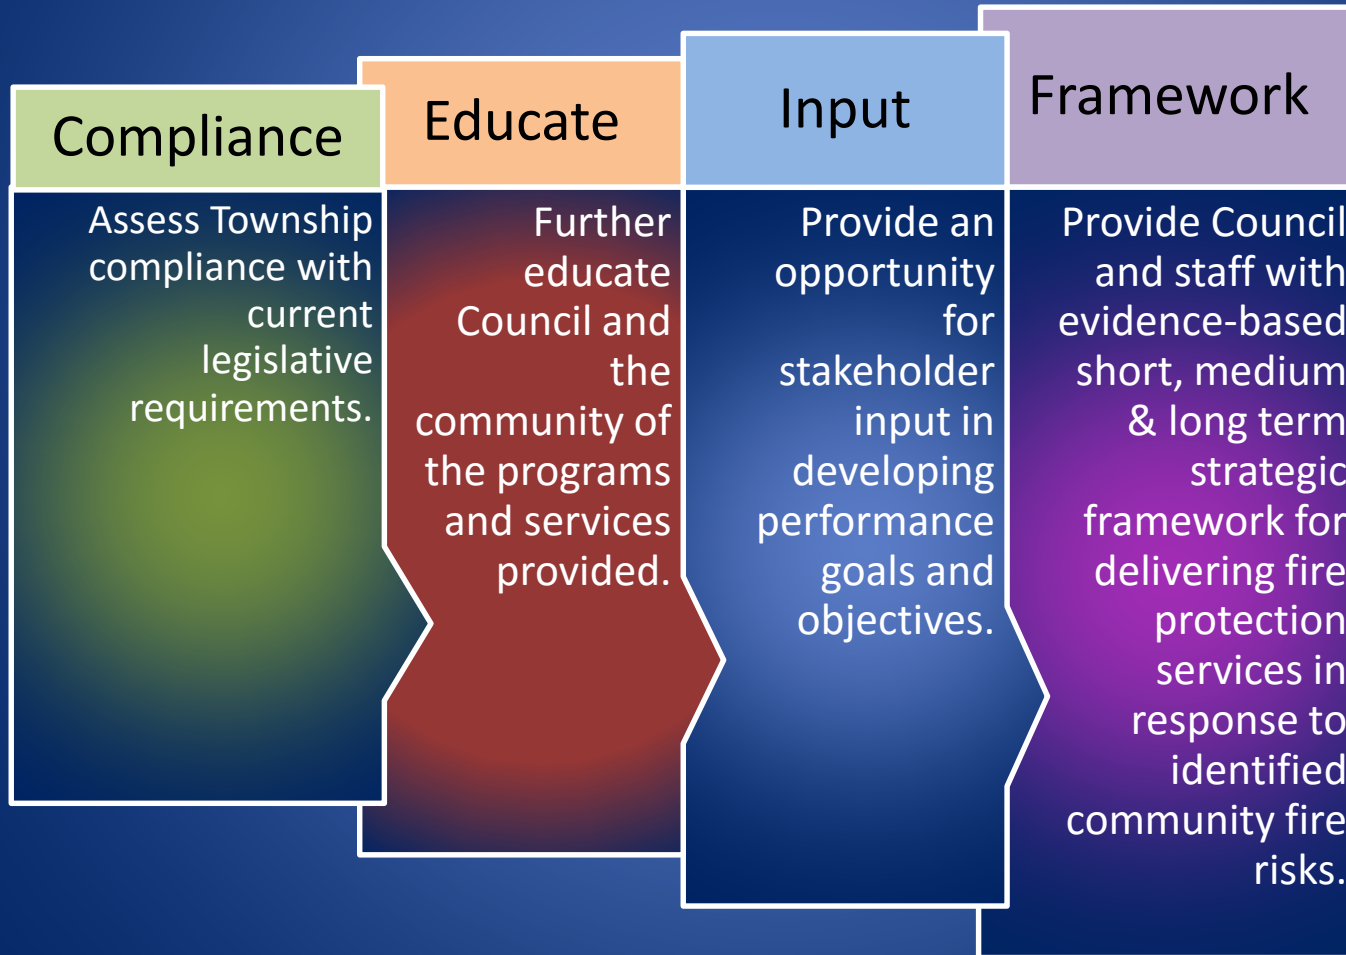

- Property Stock, Building Age, Demographic Structure, Past Losses, Fuel Load

Draft Plan Presentation to Steering Committee

- Reviewed recommendations to ensure they complied with Township's strategies and plans

SSFR

Benefits of a Fire Master Plan (FMP)?

SSFR

FMP Highlights/Benefits

Thorough, objective, third-party review of the SSFR services.

Comparison to other municipalities highlighting strengths and weaknesses of SSFR.

Blueprint for the future merging community needs, human resources, fiscal responsibility and Council objectives.

SSFR

Moving Forward

- Development of FMP Committee based on short, mid and long-term plans
- Matching recommendations to realistic future budgets
- Prioritizing FMP recommendations
- Update Council on a regular basis
